James Koskineni, Project Manager for UPEA Engineers & Architects, was present to discuss a change order for the Water System Improvements Phase 2 Project for the Village of Baraga for the Additive Alternate D: Plant SCADA. Current system is past its life and is causing difficulties with the project. Due to high original bids, it was not included in the project. The cost of adding it to the current project would be \$83,953.80. The project is half way through with an available budget contingency of \$84,961.09. There is currently over \$200,000.00 in the Water Fund if the project should go over the budget.

Motion made by P. Stark seconded by A. Cerroni to approve Change Order No. 2 for the Village of Baraga Water System Improvements-Phase 2 for the Village of Baraga in the amount of \$83,953.80. Village agrees to use of local funds for Water Fund for unseen issues that may arise after all of the contingency is spent in Rural Development funding if the project should exceed the budget.

Due to Dale Goodreau now being on the KBIC council, a new representative from the KBIC will need to be appointed by the KBIC to the Joint Waste Water Authority committee. The Village of Baraga, although scoring very high, did not qualify for the Michigan DNR Trust Funds for the Phase 2 of the Walking Trail Project. The Village will apply again this year for the trust funds.

Marina rates will remain the same this year. Jason Chaudier from Woodland Firearms has expressed interest in taking over the care of the marina this year.

The Public Hearing for the Application for the Michigan DNR Trust Grant opened at 5:46 PM on March 12, 2020.

The grant would be for Phase 2 of the Walking Trail from the Baraga Marina to the Baraga State Park. The application has been denied previously. Applications are approved by a point system. The smaller population of Village residents is one of the factors that causes a penalty in the scoring system which makes it more difficult to obtain a grant. The Village is hoping to get it approved this time.

Paul Stark entered the meeting at 5:46 P.M.

Public Comment: Sylvia Wentela, Great Lakes Recovery Program, was present to discuss the program and the significance of this month for the program. Great Lakes Recovery Program helps parolees find housing and jobs when they are released. April is "Second Chance Month" nationwide. An emphasis is being put on the importance of helping parolees. The biggest cause of relapse for them is lack of housing and employment. Great Lakes Recovery Program is committed to finding jobs and landlords willing to rent for parolees. They are always looking for help in making the jobs and housing possible. Any help from landlords and business would be greatly appreciated.

Motion made by S. Johnson seconded by A. Mayo to pass Resolution #2019-04-16-01 approving the following payment for the USDA-Rural Development Grant and Loan Program for the Village of Baraga Water System Improvements Phase 2:

U.P. Engineers & Architects outstanding invoice dated 4/4/19 in the amount of \$3,116.57 and MJO Application for Payment No. 7 in the amount of \$140,727.55 for a total payment of \$143,844.12.

I. Smith, Chief of Police was present to give the Police Report. Thirty complaints were received in the month of March with three arrests and one felony arrest being made. I. Smith and M. Shalifoe attended legal update training on March 18, 2019 at the Baraga Lakeside Inn. They also attended training in Marquette on March 6, 2019. The training focused on the impact of the

recreational marijuana law for law enforcement on OWI cases. I. Smith also requested the Village of Baraga send him to Lansing on May 12 and 13 for training to be a vehicle salvage inspector. There is a shortage of salvage inspectors. The fees charged for the inspections could be used to buy equipment for the police department. The council agreed to his request and will pay his lodging, meals and mileage.

LeAnn LeClaire, Village Manager, gave the Manager's Report. MJO was the low bidder for Phase I of the Trail Project with a low bid of \$644,634.97. L. LeClaire discussed the cost of the Spring Clean Up and the lack of customers. It was decided to cancel the clean up as residents can go to the KBIC Solid Waste Facility. An ad will be put in the L'Anse Sentinel to inform Village residents of the decision. L LeClaire also discussed the ordinance for junk cars and blight. It was decided to give any affected residents a 30 day notice to clean up their property or a fine will be given.

L LeClaire provided the council with an electrical utility summary. The new workers have been doing well. Their second truck is expected to arrive in a few weeks. Workers are implementing a substation and reclosure preventive maintenance and monitoring program. They assisted the Casino in trouble shooting their back-up generator and are helping Baraga Telephone Company with water issues at their office. LED street light conversion is progressing well. Comprehensive training was received by the Municipal Electric Utilities of Wisconsin last week.

L. LeClaire gave the DPW Report. A water leak was repaired on Bowling Avenue. Discharging was started at the lagoons. Dock repairs and culvert thawing has been being done. Miss Dig training was received in Alberta. Sewer Lagoon training was completed by a couple of the DPW workers. Three DPW workers received electrical training.

Motion made by A. Cerroni seconded by J. Mayo for the following requests for the 4<sup>th</sup> of July festivities:

Superior Avenue will be on closed on July 3<sup>rd</sup> from 5:00 P.M. to 1:00 A.M on July 4<sup>th</sup> starting at State Street north to M-38 for the annual Community Street Dance. Council also gave the Baraga Lumberjack Day Committee approval to apply for a state liquor license to sell beer and wine coolers at the event.

Superior Avenue will be closed on July 4<sup>th</sup> from 8:00 A.M. to the conclusion of the Main Parade from the Baraga Armory north to M-38. After the Main Parade, Superior Avenue will be closed from First Street (next to Homestead Graphics) north to M-38 until after the fireworks have concluded.

The Public Hearing for the Millage Rate 2019 opened at 5:45 P.M. on Jun 11, 2019.

L. LeClaire, Village Manager, recommended no increase in millage for 2019. She explained the Village had an increase of 2.95% on collections in the past year.

The Public Hearing for the Millage Rate 2019 closed at 5:46 P.M. on June 11, 2019.

The Blight Ordinance was discussed again. I. Smith, Chief of Police, stated over twelve vehicles have been removed by the owners. Two people are left to respond. S. Koski suggested they should be warned now and then ticketed if the cars are not gone by the end of the month. S. Johnson said in the future they should be served papers at their homes and not at their workplaces.

Public Comment: Sylvia Wentela, Great Lakes Recovery Program, was present to discuss the importance of providing helpful resources to released prisoners. Two out of three of prisoners who are released will be arrested again if they are not provided with help to rehabilitate themselves. Emotional support is a big part of the rehabilitation process provided by Great Lakes Recovery Program. It also is dedicated to finding jobs and landlords willing to rent to parolees. Sylvia also stressed that any help from businesses and landlords in the area would be appreciated.

Irvin Smith, Chief of Police, was present to give the Police report. I. Smith attended Baraga Area Schools on May 3 for Career Day. He talked to the students about his job duties as a police officer. I. Smith attended salvage vehicle inspector training in Lansing on May 13 and 14 and is now certified to inspect salvage vehicles. Thirty-two complaints were made in the month of May with two arrests and two felony arrests being made.

LeAnn LeClaire, Village Manager, gave the Manager's Report. Krystal Kiffer has been hired to work at the cemetery. Marina has been doing very well on launch fees. Northland Basement will level the marina building in June and new windows will be installed. The culvert on Hemlock St will be going out on bids by the end of the month. Phase 1 of the Walking Trail will start on July 8 and the completion date will be September, 2019.

L. LeClaire gave the DPW Report. Miss Digs were done. Marina repairs, mowing and sweeping streets are being done.

Jeff Mayo, Village of Baraga Fire Chief, was present to discuss some issues with the council regarding the fire department. Fire trucks have been used for personal purposes and W. Dompier, Village President, stated the practice needs to be stopped due to insurance concerns. Also, disabled fire fighters will be held responsible for working within the limitations of their disability and must provide a doctor's note detailing their limitations as a full-time fire fighter. The note will be kept on file in their personal file.

W. Dompier also discussed the new marijuana laws. The Village will need to decide very soon if they are going to opt in or opt out. They could decide to opt out until the State decides what they will be doing. However, if they do not make a decision, they will be opted out automatically and possibly lose decision making options in the future.

Motion made by J. Mayo seconded by A. Mayo to pay the bills when the monies become available.

L. LeClaire, Village Manager, gave the Manager's Report. A pre-construction meeting for the Culver Project on Hemlock St, is planned for the week of September 23, 2019. The road will have to be shut down and will probably be re-opened by JCS for possibly two weeks. L. LeClaire attended a Prison Liaison Meeting. Their gun range is almost completed and they encourage the Village police officers to utilize it as much as possible. All laid off or transferred security guards are now working again at the Baraga prison again. However, a few guards chose not to return. Union negotiation meeting will begin on October 22, 2019 at 5:45 PM in the Council Chambers.

L. LeClaire gave the DPW Report. Miss Digs were done. DPW employees have been working with MJO on the water project. They also worked with the Ojibwa Housing to get old water meters replaced and put new separate meters in on shared services.

Michael Grentz, Anderson, Anderson, Tackman & Company, PLC, was present to give the results of the audit for the year ended February 28, 2019. The total net position of the Village of Baraga is \$12,987,783.00. Net position for the Village as a whole increased by \$686,857.00 as a result of this year's operations. During the year, the Village had expenses for governmental activities that were \$968,145.00 and revenues and transfer totaling \$1,017,704.00. The Village also had expenses for business-type activities that were \$3,145,924.00 and revenue and transfers totaling \$3,783,222.00. The General Fund reported a fund balance of \$295,691.00. The net increase in fund balance of \$180,899.00 was \$118,099.00 more than the forecasted change of \$62,800.00. Due to a majority of the land being on the Keweenaw Bay Indian Community Tribal Reservation, the Village only collects approximately \$86,121.00 in property taxes which results in an estimated loss of \$200,000.00 in lost taxes. Another problem the Village faces is a large shortage in their MERS account. They plan to develop a plan to address the MERS deficit over a possible 10-year period. Mr. Grentz was pleased with the changes in the past year by the Village and looks forward to seeing the improvements continue.

Motion made by S. Johnson seconded by J. Mayo to pay the bills when the monies become available.

Parolees are receiving training in various trades such as CDL training, construction trades and culinary skills. Great Lakes Recovery is opening a recovery house for women in L'Anse. It will basically serve as a halfway house for approximately twelve women. It also will create more jobs in the community due to the need for workers and a manager in the home.
