

## **BARAGA VILLAGE CULVERT POLICY**

Homeowner/property owner will purchase original culvert and show proof of purchase.

Department of Public works will determine diameter and length of culvert required.

Village will install culvert purchased by individual at a flat rate of \$275.00.

Village will replace original culvert when needed, on a 50/50 basis along with Time and Materials (Gravel, Sand, Rip Rap and Blacktop) if the size of the culvert is larger than the original culvert, the property owner will pay the difference.

All culverts used must meet applicable state and federal specifications and standards.
