

BARAGA VILLAGE POLICY ON MAILBOXES

All mailboxes are owned and maintained by property owner.

Mailboxes must meet the United States Postal Service (USPS) requirements.

- a. The front of the box should not extend past the curb.
- b. The post must be firmly set in the ground and not be cracked, rotted or rusted.
- c. The box must be attached securely to the post

Mailboxes must be built and maintained to contend with all weather conditions. Snow removal is considered incidental for winter weather. If built properly, mailboxes should withstand the snow coming off the plow.

Damaged mailboxes will only be replaced by Public works if our equipment hits the mailbox directly. If the mailbox is damaged due to the snow coming off the plow, we will not replace it.

Mailboxes need to be cleared of all snow.
